Dear sponsor

How are you? I hope you and your family are in good health. Me and my family are also fine here. I think winter has already started here because winter has already here in Nepal. It is very cold in the morning and in the evening.

I am writing this letter to wish you and your family Merry Christmas and a Happy New Year. I will pray to God to give you and you for supporting me in my education for so many years. I hope you will keep supporting me. I would also like to thank you on behalf of my parents I will try my best to make you and my family proud by studying well. Lastly, please give my regards to your family and I would like to wish you and your family Merry Christmas and a Happy New Year once again. I am hoping to see you soon.
